

How to Locate Your ABOVE & BEYOND LIMO DRIVER At the Airport

Above and Beyond Limo vehicles will transit into the Indianapolis International Airport Ground Transportation Center. To guarantee that your guests arrive quickly and conveniently from the airport to their hotel, business or residence, please give them the following instructions:

Passengers traveling with luggage:

Upon arrival at the airport, the guest must first go down the escalator or elevators to the Arrivals Level (baggage claim) to collect their luggage. A Driver with Above & Beyond will be there to “meet & greet” your guest, with a sign board. The sign board will display the guest’s name and/or company, if applicable. If you not see your driver, after procuring your luggage, please call the office number listed below. The driver will assist them with procuring their luggage, and escort them across the walkway to the enclosed Ground Transportation Center located on the first floor of the parking garage, to our waiting vehicle.
